Vendor Questions for RFP #7549838 Behavioral Health Training and Technical Assistance

Question 1: On page 8 of the solicitation, bottom paragraph it states “The vendor will be responsible for developing, updating and maintaining a workforce development website that includes the training calendars.....” The question is would it be permissible for the vendor to devote a specific page of the vendors site and designate it as the workforce development page instead of developing a whole new site?

Answer to question 1: This would be acceptable as long as it has an easy to find link in multiple search engines using any of the following key word phrases: “Rhode Island behavioral health training,” “Rhode Island mental health training,” “Rhode Island substance use disorder training,” and “Rhode Island addiction training”. Any website developed will have to be approved by BHDDH, include all trainings that BHDDH is contracting with the vendor to deliver with easy to navigate links to specific details about the trainings.

Question 2: We are wondering who has the contract now, and why it is open for bids?

Answer to question 2:

The contract is open for bids because the contract is due and we are preparing to advance a new series of trainings.
